- Built a weather application consuming open weather APIs

LANGUAGES

English

Chukwuemeka Odumegwu Ojukwu University, Anambra state — B.Sc. Second Class Honours(Upper Division)

Volunteering

She Code Africa Contributhon & Jenkins —Open Source Contributor
March 2021 - April 2021

The contributhon program is a program created to introduce multiple women in technology to open source contribution on different platforms. I was privileged to work with Jenkins and I contributed by adding to the documentation of the nodes and processes plugin.

She Code Africa Mentorship Program(C4) — Mentor
March 2021 - May 2021

I volunteered as a mentor in the She Code Africa Mentorship program to give back to the community in form of teaching young women starting out in tech JavaScript
